POSITION PREPARED TO ENTER
OPERATION IMMEDIATELY.
(READY TO STAR)

THE SCOPE OF THE SUPPLY
INCLUDES THE BASIC EQUIPMENT
OF THE GENERATION GROUP AND
THE AUXILIARY EQUIPMENT

REPOWERING

REPOWERING SOLUTIONS is a British Company with focus of activity in the energy sector. We work in the worldwide energy market offering global solutions for investments optimisation.

REPOWERING SOLUTIONS has been formed as result of integrating several corporations with great expertise in a wide range of specialised areas on energy. We aim to offer an integrated, complete and specific solution for each project. Our services ranges from engineering, sale and distribution to logistics and transportation. We specially regard the recovery of value for industrial equipment, being of great weight in our projects portfolio.

REPOWERING SOLUTIONS mission statement is the offering of those technical and financial proposals to answer those fundamental questions raised in any new project of energy generation: which is the best technological answer combining the best degree of efficiency and effectiveness with the least investment, the least investor risk with the greatest level of profitability? By asking this ourselves, we focus in acting in the best interests of our clients, putting their interests at the heart of everything we do
